Report Card

Reports on student progress will be issued to parents every marking period. A paper report card will be issues at the end of the year. The reporting dates will be determined annually and placed on the school calendar. Grades are available in Powerschool at any time.

Report cards should reflect the educational growth of the student in relationship to each student's conduct/citizenship, effort, and achievement, in relationship to standards for his/her age and grade.

Teachers also will report on student progress at scheduled parent conferences.

If the parents of a child are separated or divorced, both have equal rights to be informed of their child's school progress unless there is an order from the court to the contrary. Non-custodial parents shall receive written reports and notification of conferences upon an annual written request to the school principal.
